“ I worked with Barbara at the State Lab for 14 years. She taught me so much about gardening. She was a wealth of knowledge and a voice for common sense. She never met a stranger and at age 50 could walk my legs off at lunch time. Barbara wasn't afraid of ANYONE or ANYTHING.

“ Nana was a great. A lot of my memories are with her growing up. She and I had an amazing relationship that I wish everyone could experience. She was always there for me, no matter what even when I was a dumhdass. Which happens from time to time. She was a loyal friend to many, and would also tell you what she thought. She was a mentor that was full of useful knowledge and some catchy phrases!! She will be missed dearly!!!
