“ I met Barry in the Air Force. A group of us Air Force buddies attempted to have a reunion back in 2017, but Barry wasn't able to make it. I had really hoped to see him again to reminisce about all the great times we had while serving, but it wasn't meant to be. I was so surprised to receive word of his passing. Barry I will miss you. Thanks for all the memories.

“ The one thing I wanted to be known about Barry was how truly kind he was. He never judged anyone and would give you the shirt off his back. He loved to party and loved the woman when he was younger then when he married Rosemary he loved her and his kids more than anything. He was so smart and loved his music. There wasnt a time when we would part that he didnt say I love you Kel.

I’m still at a loss for what to say. I loved Barry for so many years. I was never his girlfriend, but he sure started coming to Boone County to take me on dates! My grandma lived beside his mawmaw. My mother and her brothers grew up with his wonderful mother, Brenda (whom I loved beyond love), and her sisters. Mom and Dad loved Barry so much that I used to tell him they had the Barrymania Fan Club going. When I moved to Morgantown, whoever he was with for years wouldn’t let us speak. That became a repeating thing. His last conversation with me was brutal. Our friendship ended about six measly months before he passed. I would have been his friend to the end. I missed the times when he used to introduce me as “one of my favorite people in the world and I will always love her.” That probably had something to do with the girlfriends hating me. I hope he is reunited with the many friends and his mom whom he loved so much.

“ Barry was a kind, fella, always had a beautiful smile on his face. We were at SJHS together. For several years I saw him every other week on payday when I would go to Budget to buy a new album. He would tell me what the newest albums were that they had in since I was there last. I hope his life has been full of joy. Blessings to his family.

“ I worked with Barry for eight years at the Division of Tourism. He was an incredibly talented and uber-creative graphic artist but more so a friend. We had a load of laughs with he and Rosemary. He dearly loved his children and was so proud of them. Conversations with Barry were always honest, intriguing and enlightening. He had strong opinions but an amazing heart and was just a nifty guy. So sad to learn of his passing but I will always be grateful for his friendship and sharing of talent and Barry wisdom. Rest in peace, my friend.

Barry was such fun to be around & hangout with. I was always amazed at how talented he was in art & drawing. We absolutely idolized space fantasy & space exploration toys when we were kids! We played board games & enjoyed "Fright Factory" & "Incredible Edible" playdates. A good friend & schoolmate. He will be missed.

Although we went to SJHS, it was through fb that we became friends. I learned what a kind guy he was and how much he loved his kids!! I'm so sorry to hear of him passing and pray for his kids and loved ones!

I'm so sad to hear of this, Barry was such a genuine and kind person. Even as a little kid he never teased or taunted other kids and he'd stand up against bullies who did. He just always warmly embraced everybody. He was incredibly talented, connected and in tune with all things cool, a wonderful and doting father, and a reliable friend to everyone in his path. Just an all around great guy who will be sorely missed. God Bless and I'm sending my prayers for his loved ones feeling his loss.
