“ *My condolences to family and friends. I lived across the street from Bonnie for five and a half years. I would mow her grass and do little odd and end jobs for her. She would make me this awesome desert, I know it was delicious. She was a good woman and she will be missed.*

*Very precious memories will be treasured by many. Our friend Bonnie always shared herself with others in so many different ways. She spent hours in the kitchen at St Andrew Um church Heading up a crew of women in preparing many meals for her church families She also assisted the UMMen doing the same for church and community. She was always sharing her beautiful flower seeds and plants with her fellow gardeners. When She rode to various functions with me , she always had some sort of gift for me whether clothing, lotions, soaps etc. We would order a new lotion when she shared samples and she would always have double what we had ordered. She kept our hands looking good. But never as beautiful as hers. She would also stress that Woody be included in these gifts. Her phone calls were always uplifting. The most important part of her life was her family. She always made you feel like a family member by keeping you in the family activity circle. Our love and sympathy to all of her beautiful family. Beth and Woody Lucas*
