“ Another good memory, davy came up to our house in summersville to fish of course, that's the first time he met my daughter Brigitte. Well he took a liking to her right away cuz shes a total tree hugger lol.well he went to the stream by our house and when he came back he had a bucket of baby snapping turtles he gave Brigitte. They played with those things a long time then turned them loose.it was hilarious. I'll never forget it.love you man...

“ Davy, I remember you from a boy of about 8 yrs old when your Uncle Buck and I were married. You were always someone with a heart of gold. You could tell how tenderhearted you really were by the way you loved animals. I remember us all going camping. Kenny especially followed you around like a puppy. Later as Jeremy got older, he always loved going to WV to see you and Sis. You were more like siblings than cousins. And your Uncle Buck loved you like a son. I hope you knew how much we all loved you. You should have known. We always treated you like one of our own and tried to give you good advice (even when you didn't ask for it) Haha. I know you're enjoying heaven now. Give a big hug to Kenny from us. Love, Uncle Buck and Aunt Chris
