“ As he called me his mini me, no one let me know, and it hit hard, we met on the streets and were street fam and he practically raised me, as far as knowing how to be on the streets, he was there. I don't guess we EVER were tight and close; as in most people's definition of someone REALLY being someone's "friends" either way, I GENUINELY give myself whole heartedly, when I consider someone a friend, through the ups and downs, all I have to say is that I loved you Taz..... Just Jana..... guess I m it.
