“ Don and Karen were like a second set of parents to me. I referred to them as Daddy Don and Momma Karen. They will both be greatly missed!! They say it takes a village to raise a child. They were my go to for many things in my life. My beautiful memories of them will live on, but I know I will find myself wanting to pick up the phone to call them for many years to come. My heart goes out to their children and grandchildren. May the beautiful memories help to heal the void in your hearts. I love you all!

“ I loved Don and Karen like my own parents. They were two of the finest people I have ever known. When I worked for Don we talked and laughed more than I worked. What should have taken 3 hours took 6. I so enjoyed his company and most of all, his wisdom and guidance. He was a true friend. Rest easy, my friend. Until we meet again.

“ *Though not related by blood I considered Don as my brother. I've never met or known another Human Being that I trusted more. If he said it you could take it to the bank as being the gospel truth. When I was in his company I felt like there was no obstacle we couldn't overcome because he was skillful and talented. We have camped, fished and hunted together in WV as well as Wyoming and Canada and every outing was a celebration of friendship.*

*Don is a Very Special Child of God that I was blessed to have known. I miss him in the moment and shall miss him everyday for the entirety of my life.*

*West Virginia and the World has lost a Very Good Man. Men like Don is what makes our World a Great Place to live.*

*Forever in my heart and mind Don.*
