“ I haven't seen Alan for around 4 years - last time I saw him was before the diabetes center at Thomas moved to Saint Francis.

I got to thinking about how he was doing and unfortunately discovered this obituary.

Alan used to volunteer at Thomas for the diabetes center for many years where I also worked for several years. He was very much dedicated and appreciated for the time he spent there with us.

My condolences to the family.

“ I knew Alan to always be a kind and generous person. We served on a search and rescue team that spent many hours looking for those and who took a wrong turn while hiking or hunting in the forest. His dedication to helping others was always commendable.

I will always remember him for his skills in Amateur Radio, map reading and survival techniques. I will always remember him as a valued public servant.

Rest in peace my friend. You have made the world a better place for all of us.

Happy Trails,
