“ Wayne and I graduated from SAHS together in 1965 and didn't see each other again until I married his first cousin Sharon Hamrick eleven years later. He and I shared an interest in family history and had several genealogical chats during our visits to St. Albans from our home in Las Cruces, NM (gwingenealogy.net). We didn't see each other again after Sharon's and my last WV visit to bury my parents' cremains, and sadly, she and I only learned of Wayne's marriage and death this week. To Wayne's wife (also a Sharon!) we send belated congratulations and condolences. We'd love to meet you sometime. To his sister Sonnie and her family of cousins, please accept our belated condolences as well. We'd love to see you guys, too, before we leave this earth. We're looking forward to spending forever with the Lord Jesus Christ in heaven, and we hope to see all our family there.

“ I didn't see my 1st cousin Wayne that often, probably more so in our younger years when the families got together for visits or "quasi" reunions. It was always a pleasant experience as we shared interests in the Civil War and trains/model railroading in particular.

“ What a WONDERFUL person. Wayne was always in a "Smiley" mode. It reminded me of Dennis the Menace just looking for something to get into. Thank you Wayne for your friendship and engineering abilities at the Belle Plant.
