“ I was sad to see this, although I had not seen Kevin in years. I didn't see the obit until the day after the service. I went to school with Kevin at West Virginia Tech, although we graduated at different times (he was a year or 2 older than me). I got to drive his “Starsky and Hutch” car once, and I thought that was so cool! He had an appointment for something in downtown Charleston and he wanted me to drive it around the block a couple of times so he didn't have to park it. He was a fun guy to be around in college and I'm sorry I wasn't able to keep in touch afterwards.
