“ Mrs. Hoffman was such an inspiration to me. I truly enjoyed her classes. It was her style of teaching and high standards that pushed me to raise expectations of myself. Her class was always interesting and always challenging. She was a major influence in my decision to become an English teacher. Prayers for the family. May beautiful memories comfort you all.

“ I vividly remember Linda! As a fellow employee of Putnam County Schools in the mid-1980's, I often visited Buffalo High School to visit staff and students. Linda always impressed me as being so bright and so passionate about her students. She expected the best from herself and her students. Linda was a joyful, talented educator who affected students and fellow staff members, including me, in so many ways. Linda has certainly run the good race. May she continue to live on in the hearts of those whose lives she touched.
