“ Lisa made a lasting impression on the families of many dogs she helped put into forever homes. Only a few of us met her personally, but many were touched by her. The adopters in our Canadian adoption group remember the individual letters she would send along with each dog, sharing quirks, their kennel names, what they liked to eat and do - so helpful to new adopters and she made a personal connection from their old lives to their new. We miss Lisa and remember her fondly. She made a difference in the world. I am so sorry for her family's loss.

“ Lisa was an amazing friend and a encourager to my wife and I in our ministry all the way up here in Michigan. She was a blessing to us, we went to school together she was my girl friend in the 4th grade ❤️ I would ride my bike to her house and she would set on the curb and I would stay on my bike, she was always great to talk to right up to her leaving this world to the Kingdom of God to where I know she is now with no more pain. Love ya my friend and sister in the Lord Jesus.

Lisa was a very dear friend of mine on the track and off. She was a wonderful friend to my group GPA cincinnati. She loved the dogs and treated them royally. Every dog crossing my path for the last ten years had a connection to Lisa. Up to her last day we had long conversations on the phone. I was always amazed how she remembered every dog by name that we got from her.. I will terribly miss that wonderful lady in the future. Say hi Lisa to all my wonderful dogs in heaven with you that passed thru my house.
