“ I miss you so much buddy. I set her alone Christmas night wishing you were still here with us. My heart breaking knowing you have left this earth way to soon. You and Dusty so close in age hanging out together most of your childhood hoping that I go before him. I do not think my heart could take it if you both leave before I do. Love you with all my heart forever.

It's taken me almost a month to acknowledge that you're really gone. I never in a million years expected to lose you so soon. I thought I had more time. I think of you often and I'll miss you forever.

“ You were my oldest friend and a part of my family. You held my babies when they were born. I keep forgetting you're gone and then reality hits me like a truck all over again. I will never forget you. I will always love you. I will carry you with me for the rest of my days. Goodbye my brother.

“ I just found out this news and am truly lost. Norman was a great man he used to come into Moe's game room and want to just shoot pool. He loved shooting pool with me because I was a bit of a challenge for him and not so easy to beat! He adored my now oldest daughter thought she was just the cutest and best thing in the world. I used to go over to his house with couple other friends and chill n watch movies. I just loved him Tom death i thought he was the nicest and sweetest man I had ever met. Would do what he could for any one that he knew and yes absolutely adored kids everyone he got to meet and know. I think he had the biggest heart and soul that anyone on this earth could ever have! I will miss him very much and the world lost a wonderful down to earth warm hearted Man and heaven gained the best loving Angel in the world it possibly could find! Spread the LOVE and happiness up there NORMAN! until we meet again FLY high in the sky and watch over and still continue to protect us from above with all your loving and warm hearted LOVE!

“ Too many memories to count! I was so happy and proud that you making such good progress with your weight loss, i enjoyed watching you succeed in that because you were getting healthy and living out some of your lifes greatest ambitions! I cuddle Angus every night and last night he licked my tears away, i know he can feel something is wrong. We love you norm, and i promise to never stop speaking your name, remembering you and keeping youre memory alive. I once read that a person dies twice, once when they leave this earth and then they are forgotten, but YOU my friend are UNFORGETTABLE and the world will be a far dimmer place without you

*With Love, Lou*

“ Your passing has affected me greatly but has also focused me on making more memories and connections due to our fleeting time here. We were inseparable for half our years and separated the other. Life changes our direction but doesn't change how we feel. I will always love you Norman and you will hold a special place in my heart and mind. I've laughed with you more than most and shared with you more than most. I would say rest in piece but knowing you, I'm sure you are starting your new life no different than this one, being a magnet for fun, humor and laughs.
