“ To you Gail I send sympathy and love while experiencing nothing a mother should have to, to you Christina I'm sending love and sympathy as well as to your son Jacob. I knew that Jacob meant the world to Paul as well as you. I knew Paul from grade school on as I was a teacher at his school and I would sit with you Gail and your husband at all of the junior and senior high football games as my son was a player with Paul. My heart aches for all of you. Much love. Godspeed.

“ I met Paul almost 20 years ago. He started working at C&O motors a couple of months after I did. I did all I could to make him feel comfortable at his new career. Paul and I started talking and became best of friends. We discovered that we had both been in the military and both were 19K M1 Tankers, that set it all in motion, we also found out we were both Bears fans. How strange to find two people that actually followed Da Bears. Over the years I realized that Paul was more than just a friend, he was more of a brother that I never had. I never met anyone that didn't like Paul. He was such a great man, friend and brother. I will miss you every day and will always be thinking about all the good times we had. I love you brother and I already miss you !

“ *Everyone who knew Paul and could call him a friend was better off because of it. Paul was truly selfless when it came to helping others. I have personally witnessed him go without on many occasions to ensure others had what they needed. He was an incredible brother in law and such a supportive uncle to my kids. I was really looking forward to spending more time with him as our kids grew up and we could travel more. In honor of Paul, do something for someone else every day. He hated the way our country was being portrayed as being so divisive. 330 million Paul Waugh's would make a great country. Love you brother. Will see you again someday.*
