“ Roger was such a character! If you didn't have a good laugh when he was around it was your fault. I am going to take this story back to Christmas 1973. I was thoroughly enjoying my first real Christmas tree. I decorated meticulously with placing icicles one at a time. I was so proud. Roger and Lois lived a few houses down the street and Roger stopped by to visit. He looked at my tree and turned his head from side to side then took a run and tackled my tree like a linebacker. Balls, lights, icicle streamers went everywhere. Roger untangled himself and said “now it looks better!” I was in a state of shock. You really had to be there to appreciate it but it is one of those special memories that will last a lifetime. Fly high Roger!
