My sweet cousin Sherry was beautiful inside and out. We've shared many memories throughout the years together, beginning when we were just small tots. Our families visited each other often, we went together as an extended family to honor our grandparents on Decoration Day, as it was called back then. We took family photos, placed flowers on the graves and prayed. Every year we visited each other during summer vacation and had such great fun! We shared stories and continued getting to know each other even better as we grew. At my house we went to the Skating Rink in Ashford and at her house we used to swim in the river behind their house at Quinland and one year my mom took a dive from the old bridge into the river. Walking down to the Spoon Restaurant was another favorite pass time. After Sherry got married and had kids, I visited them at Clinton Camp during my summer breaks too. We talked for hours, walked down the road to Sissy's house to visit with her, and go shopping together. We just had fun being together any time we could. After I moved to Florida, it was harder but one year Sherry and Sissy came here to visit with us and we drove to the Keys and had the time of our lives!! Sherry even took her first plane ride to visit us again later. When she moved into the house next door to my mom, it was so great, because I got to see her every year when I came back to WV. We decorated her house together, painted her wall her favorite color of rose and spent many happy hours together. We've shared so much during our lives. Sherry was always like a big sister to me. I love her dearly....and I will miss her always.
