“ Shirlene came into our lives more than 20 ago. As time went by she became increasingly important to our family. So important I simply cannot imagine not seeing her cute smile or kind words again. She came into our lives a a few years before my Dad died and was there for us. She was also there for the passing of My wife’s mother, our three dogs and my Mom. She was a surrogate grandmother to Tyler and Elliott and in many ways was filled the nurturing role my mother didn’t and she gave Denise a mother figure to talk to for hours. She would make me fudge and cakes all the time. She will be sadly missed. As the Greeks say when someone dear passes: may her memory be eternal!
