Wow, it was not that long ago that we got back in touch on social media. I had a lot of fun the few years we hung out. I will always remember you as one of the good ones. Sad to hear your journey has ended.

“ *The Flower*

*You were born a beautiful flower.
A Daisy, pure and simple at your birth.
Sent to grace God's Mystical Garden
While you were here on His green earth.*

*You were an only child, A special gift.
Cherished, I'm sure by many whose lives you touched.
Your quiet disposition and demeanor
Was a calming effect on the rest of us.*

*You grew up during the 60s and 70s
And graduated as a Patriot from The G.W.
Be proud of the legacy you are part of
The Hill, its Pride and what it made of you.*

*On to Marshall you joined the Herd of Thunder
To score 2 years with a Journalism Degree.
But we never got to read what you had to write
Or hear what you had to say about what you would see.*

*Life had its twists and turns
And limited opportunities along the way
So you settled for much less than what you had to offer
And we didn't get enough of what your quick, dry, and funny wit had
to say!!*

*You were always calm, A stabilizing factor.
You spoke with confidence as if you already knew.
You were much wiser than your young years of 60
As if you saw the world with a bird's eye view.*

*You said you never married
But shared words of wisdom about your life along the way.
Your wit and humor made it funny,*

And you were happy with the choices you made at the end of the day.

*You were nice to everyone around you
You didn't judge the matter with bias nor prejudice.
You only gave of yourself words of encouragement
And kindness to the rest of us.*

*You could be found in the Edgewater Garden
A sun-kissed flower with a golden hue.
To grace us for such a short time
Oh, if we only knew.*

*So now, you have been planted on yonder
In God's Heavenly Garden for all of Eternity
He said, "Well done good and faithful servant"
Now, it's time for you to come home with Me.*

*I hope you laugh when you hear this
It was funny when you said it at first.
The pig's valve they put in your heart
Gave you a few more years on this Earth.*

*So we say, "oink, oink, sir, we salute you,
For giving Miss Vicci with two C's more time to stay."
Now, she suffers no longer but explores the Universe
With a beautiful, new heart to soar the Milky Way.*

*We'll miss you Miss Vicci.
Along with your style, décor, and flair
The time we had with you will be cherished
And we'll remember you as you were wispy with your flowery,
blowing hair.*

*So go, be with Your Heavenly Father,
Your Creator, Jesus, and the one who went before.
May the reunion be more joyful*

Than what you could have thought would be in store.

*In the Eternal Garden we will find you
When one day All of God's Family will reunite
As the trumpet sounds
And Gods says, It is time to take flight.*

*Spring has sprung here again on this planet
To give renewal and rebirth.
It seems only fitting, God's timing is always perfect.
And that's why He picked another flower from this Garden on Earth.*

Love Always,

ALM
